REFER TO FILE: **T-6**

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**TRAFFIC SIGNAL SYNCHRONIZATION PROGRAM
CITY OF PICO RIVERA-COUNTY COOPERATIVE AGREEMENT
SUPERVISORIAL DISTRICT 1
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

Approve and authorize the Director of Public Works, or his designee, to sign the enclosed Cooperative Agreement between the City of Pico Rivera and the County of Los Angeles that establishes the roles and responsibilities of each party in carrying out traffic signal synchronization projects on the stated arterials.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Since 1988, Public Works has administered Traffic Signal Synchronization Program (TSSP) projects, which has provided a means to coordinate synchronization between arterials of regional significance. TSSP projects improve traffic signal operation by upgrading each traffic signal to Federal and State standards. We generally install additional vehicle detection to enable each intersection to operate as a fully traffic actuated signalized intersection. In addition, appropriate components are also installed to enable each signal to utilize time-based coordination resulting in the synchronization of a series of signals along an arterial route. These improvements have provided congestion relief and substantially increased mobility through reduced travel times.

The intent of this Agreement is to document the roles and responsibilities of the City and County when entering into TSSP projects and confirm the associated liabilities of each agency. Nothing in this Agreement will alter the current roles and responsibilities of the County and City in operating and maintaining the traffic signals and signal systems within their respective jurisdictions.

Your Board's approval of the enclosed Agreement is necessary for the delegation of responsibilities for these projects.

Implementation of Strategic Plan Goals

These recommendations are consistent with the County's Strategic Plan Goal of Service Excellence as the implementation of this project will result in reduced traffic congestion and delay, improved mobility, and reduced vehicle emissions, thus improving the overall quality of life for the residents of the County of Los Angeles.

FISCAL IMPACT/FINANCING

There is no fiscal impact associated with this Agreement.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The enclosed Agreement, which has been approved as to form by County Counsel, provides for the City and the County to adhere to stated responsibilities involved in TSSP projects.

ENVIRONMENTAL DOCUMENTATION

A finding of environmental impact is not required because this activity is not a Project as defined by the California Environmental Quality Act. The appropriate environmental documents will be completed when projects under this Agreement are brought to your Board to advertise for construction bids.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There will be no impact on current County services or projects during the performance of the recommended services.
